

CTF OPTIONS @ PES

WHAT TO expect

- All grade 5 and 6 students will start round 2 options on Monday Dec 12th from 2pm - 3pm
- Options will not occur on Mondays where there are assemblies
- Students will get to pick their TOP 3 choices
- You are NOT guaranteed to get one of your top 3 (we will try though)

**HERE ARE YOUR
CHOICES**

STORYBOARD/ CARTOON BUILDING

Do you like to make up your own stories/adventures?
Do you enjoy using technology and learning about different
ways to use it?

Well, this may be the option for you!

Here you will learn about different occupations that use digital technology (i.e. movie writers, architects, and graphic designers). You will learn how to write a cartoon using a storyboard and turning it into a digital cartoon!

Mrs. Hannett

LEADERSHIP

Come join leadership!!

In leadership you will plan fun and exciting activities for our school (theme days, games, concessions for dances, etc.)

We may also go out into the community to show our leadership skills (seniors home, other schools).

Learn how to be a stand up leader in our school!

Miss. Wiggins

DIGITAL PHOTOGRAPHY

**Do you like to take photos and capture
interesting images?
Then this is the option for you!**

Using ipads, you will be taking photos in certain ways to create unique compositions that will amaze everyone.

Photos will be displayed at the school so others can see the fantastic work and fun that happens in this option.

Mrs. Johnson

DRAMA

Have you ever wondered what it all took to put on a show?
Have you always enjoyed the spot light and sharing your
performing talents?

Then this Drama option is for you.

Over 5 weeks we will learn and create theatre together.
Where students have the chance to act, storytell, write and
create a performance together! We also will play games and
learn about Drama Jobs along the way! If you are looking
to build confidence, write funny stories and act out
characters then consider signing up for Drama.

Miss. Hammer

WOOD WORKING

Students will complete hands-on projects involving a variety of tools to create wood products and explore the multiple career opportunities involving art, construction and woodworking.

Mr. Deckert

ACRYLIC LANDSCAPE PAINTING

Students will have an introduction to acrylic painting, giving students the opportunity to be creative, express and communicate through art. We will explore how the skills used in creating art are used in different careers.

Mr. Massey

cosMETOLOGY

What is Cosmetology?

Cosmetology is **the art and science beautifying the hair, nails, and skin.**

Come see what being a cosmetologist does by trying some procedures on your skin and nails. Try making a homemade lip balm and hand scrub.

Miss. Johnson
